## Motorola pager minitor v manual pdf file downloads

In the engineering mode you can do that. anyone still have the programming guide they can send me please? Due to the FCC Narrowbanding mandate in the United States, product specifications and brochures for Motorola Solutions two-way radio products may indicate 25 kHz/12.5 kHz analog/digital operation which may not be the standard mode of operation at the time of shipment after Jan. How about detailed instructions how to do that? However it requires modification to the PPS software files to unlock or make the engineering mode available, this is done with a file editor. Insert a good battery into the Minitor V pager and turn the pager off Change the switch position to "C" Hold down the reset button then turn the pager on while holding the button down Release the reset switch. Silent scan (Dual-frequency mode) Scans both channels silently, alerts on either channel. I have plans on doing a full write up and posting it here on RR but I just haven't had the time to sit down and do it. What specific cable am I looking for and what is needed to connect it to the Minitor? you can see from the different colors which pin needs to contact where on the programmer. When you say scanner cable, I assume you're referring to a radio scanner and not a computer scanner, correct? The software for the Minitor V is freely available on Motorola's site and the USB Cable at radio shack is much cheaper than the outrageous amount places sell the programming base for. Programmable Alerts Supports 10 different musical alerts. If you have trouble or get stuck feel free to PM me, I usually get back to messages at various times of the day. I just haven't had the time to sit down and do a full write up on this, or if I have it is spent doing a million other things or maybe trying to get a glimpse of some sort of personal life. If any one could help me out. If you have a two channel pager, select "Channel F2" (not shown) to enter frequency 2 information. Just let me know if you need help. Thank you! Minitor V I just want to know how to lock out the minitor V. here is the pics from when i did it. didn't even think to look there, thanks Also, if you did a full install of the Minitor V PPS, the manual can be found in a folder on your PC: C:\--> Program files (86) --> Motorola --> Minitor V PPS --> Manual anyone know where i can get a codeplug for a minitor v? To program a Minitor V pager you will need the hardware and software. If you look at the pics and the pinout for the V you can figure it all out. Hey, I know that some of you out there have Motorolas Minitor V pager I am looking for a user guide/manual for it I have searched google dozens of pages back and can only find the brochure If anyone out there can scan the pages or give me a link to download the user guide/manual it will be much appreciated. speaking of the 5 Hey guys, i know the old Minitor 3s had an issue with the knob coverings falling off. Please help out a brother. Last edited: Jul 20, 2009 question for you guys do you know if you can take a minter 5 an make a two channel one thru the programing software???? Download the Motorola Minitor V programming software Download the Motorola programming manual The first thing to do is place the pager into programming mode. It's pretty easy. Where can I can those copper connectors shown in picture 3? Radioshack did not have any of those. Function mode announcement (Stored Voice option) Announces programmed operating mode. Hey guys, i know the old Minitor 3s had an issue with the knob coverings falling off. This is a guide to program Motorola Minitor V (5) pagers. just hold the pins in and read the codeplug with the PPS software free from motorola. What is the engineering password? If you need a cheap programmer pickup a Radio Shack USB Scanner Cable. I would go with USPS Priority over First Class though. \$5 + shipping, any update?? If you were successful you will see the following. Thanks! yep thats it. if you can't tell, (consider the top row left to right in that pic pins 1-5) that is pin 2, pin 4 and pin 5. PM me Thanks nevermind, got what I wanted Need one here as well, can you hook up a tired old Firefighter? In the meantime if anyone has any questions or problems getting it working feel free to PM me and I will try to help you out. thanks for the manual. The 3rd tab has the Minitor V programming options. I've looked online and cant seem to find anywhere that would just sell the covering for the knob. Certified for hazardous locations Sealed and sturdy for rugged conditions. its pretty easy. The 4th tab sets the Minitor V switch settings. And as for not being comfortable with doing it, you have my word that if you follow the instructions step by step, there won't be any problems. Wide and narrow-band programmable channel spacing Available on VHF and UHF models only. I did it just last week and it worked. Expanded stored voice Records up to 8 minutes of voice message for playback. I have a programmer but just for everyone else? There is a thread here somewhere can't remember if it was here or batlabs..... I read it , however I didn't feel like I was comfortable enough with altering the pps files to make the engineering mode available in the software. is it still the capital of taiwan? Just take the plastic cover off the USB Scanner Programming Cable and connect the three contacts on the scanner side (not the 4 on the usb side) as shown to the 3 holes on the bottom of the minitor as shown in the pic. All you need is a few things from Radio Shack and presto. Priority scan (Dual-frequency mode) Plays all traffic on Channel 2, alerts on Channel 1. The "red text" are our comments. I just haven't got around to it. Saved me from spending \$\$\$ on a programmer. Page 2 If anyone really is interested in having a V programmed and has no way to do it I would be willing to do it for that. if they pager is only one channel just keep searching around here, there is an entire thread devoted to this subject. 1st 2013. Thanks anyway, back on topic. 12 alert tones per channel Supports 8 two-tone pairs and 4 individual long-tone alerts. I will do a write up when I get the time. At the top click on "Channel F1" this will bring you to the second tab shown below. This is where you enter the Minitor 5 frequency and paging tones. I will get around to it as soon as I have some time. All I can suggest is this person for parts eBay Store - VFD solutions priced right: Minitor II Parts, Minitor IV Parts, Minitor V Parts If you need a cheap programmer pickup a Radio Shack USB Scanner Cable. The post was on batlabs (well really it was batboard). We recommend the settings shown below. interested in detailed instructions..... You should hear a continuous beep for 3 seconds The Minitor V pager is now in programming mode Next read the Minitor V pager. I'm thinking i would have to take it to a radio service/repair shop to have it sent out for repair...i surely hope not, any suggestions? Theres a link in the motorola forum on batlabs forum that you edit a file and its suppose to let you access the engineer mode. All you really need is some wire and you can do it. I will try the software file program edit.. Same goes for the III and IV but you have to find the software for those. I will have a minitor V Monday, so I won't be able test to see if it works but however It would be nice to have access to the engineering mode. If you pm me I can give you a contact who programs pagers for 5.00 plus shipping (first class which is like 3.50) He may be able to add a second channel not sure though never asked him about it I have always sent him 2 channel pagers. I will try the software file program edit.. was looking for one for ever. Well, i've had my 5 for almost 3 years, and last month the covering for the channel selector knob (with the button for the stored voice) fell off and i cant seem to find it. I promise I will try to do a full write up, and maybe even a short bit about how to make the somewhat more sophisticated but still homemade programmer that I built.
